In March, 1861, I announced definitely that the green-line substance was decidedly a new element. The paper alluded to contained a sufficient number of the reactions of this body to enable me to prove chemically, as well as optically, that I was dealing with an element possessing well-defined characters. Pursuing the investigation, I was enabled in the following May, to give a further account of this body, and to propose for it the name of Thallium (symbol, Tl). In the same note I gave the localities and description of several minerals in which I had found the element, and also a method of extracting it from them in a pure state. Considering that I had sufficiently...
