

Prozac as a Way of Life Studies in Social Medicine

Filesize: 5.05 MB

Reviews

This pdf might be well worth a study, and a lot better than other. It really is simplistic but excitement inside the fifty percent in the book. Its been printed in an exceedingly straightforward way which is just after i finished reading this ebook through which really modified me, modify the way i believe.

The University of North Carolina Press. Paperback. Book Condition: New. Paperback. 224 pages. Dimensions: 9.1in. x 5.8in. x 0.6in. Prozac and its chemical cousins, Paxil, Celexa, and Zoloft, are some of the most profitable and most widely used drugs in America. Their use in the treatment of a multitude of disorders--from generalized anxiety disorder and premenstrual syndrome to eating disorders and sexual compulsions--has provoked a whirlwind of public debate. Talk shows ask, Why is Prozac so popular? What, exactly, do these drugs treat? But sustained critical discussion among bioethicists and medical humanists has been surprisingly absent. The eleven essays in *Prozac as a Way of Life* provide the groundwork for a much-needed philosophical discussion of the ethical and cultural dimensions of the popularity of SSRI antidepressants. Focusing on the increasing use of medication as a means of self-enhancement, contributors from the fields of psychiatry, psychology, bioethics, and the medical humanities address issues of identity enhancement, the elasticity of psychiatric diagnosis, and the aggressive marketing campaigns of pharmaceutical companies. They do not question the fact that these antidepressants can, in some cases, provide great benefit to alleviate real suffering. What they do question is the abundant popularity of these drugs and that popularity's relationship to American culture and ideas of selfhood. Contributors: Tod Chambers, Northwestern University Feinberg School of Medicine, Chicago; David DeGrazia, George Washington University; James C. Edwards, Furman University; Carl Elliott, University of Minnesota Center for Bioethics; David Healy, University of Wales College of Medicine; Laurence J. Kirmayer, McGill University; Peter D. Kramer, Brown University; Erik Parens, The Hastings Center; Lauren Slater, AfterCare Services, Boston; Susan Squier, Pennsylvania State University; Laurie Zoloth, Northwestern University Center for Genetic Medicine, Chicago. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
