Extensive guideline! Its such a great go through. It is definitely basic but surprises in the 50 % of the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 102 pages. LC Number: KF27 . A7684 2010a OCLC Number: (OCoLC)704594721 Subject: Improvised explosive devices -- Detection -- Iraq. Excerpt: . . . 11 kind of an ongoing management situation Or what has been your perspective moving from user to first in charge ATES General O. Thank you, sir. I have been a tactical customer of JIEDDO now for about 6 years. Over three tours in Iraq, I did not always know where the capability and benefits were coming from. I have a clear vision of that now. And I would like to take this opportunity to thank the Congress for what it has done for my soldiers, both in the 101st and the 10th Mountain Division. Now, from my perspective as the director of JIEDDO, one of my key concerns is ensuring that we provide a good response to the Congress about these particular lines of operation, whether they are adequately funded, whether we need to make any changes. And defeating the device, largely focused on some technology de-velopments and detect, attacking the network is an area that really is difficult to establish measures of effectiveness, going back to the chairmans question, and train the force, which in my experience has been the greatest return on investment, and an area where, as the chairman alluded earlier with the MRAP, providing quality training for soldiers in all three of those domains - defeating the device, attacking the network and, in fact, training in this environ-ment - will return great dividends. I am not prepared at this point to give you a very specific answer on whether adjustments need to be made. We are adequately fund-ed at this point, sir. The funding has been provided by the Con-gress that...
